Gaming demands attention.

*% Viewed is the percentage of respondents who saw the ads when they appeared on the screen

Source: "Play Attention: Calling Focus to Gaming," Dentsu Media in partnership with Lumen Research, Twitch Ads, Activision Blizzard Media, and Anzu, US, January 2024

A tale of two screens: CTV and Mobile

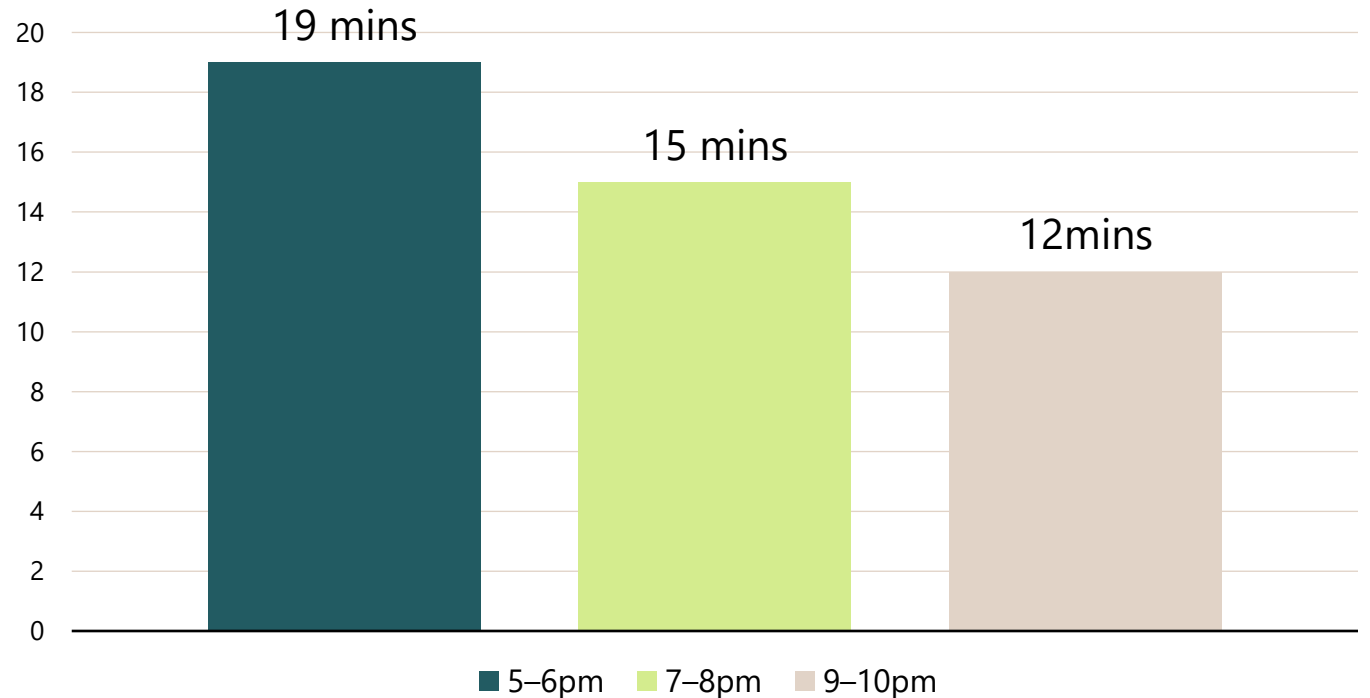

85%

of people use another device while watching TV.¹

A recent study conducted by Microsoft showed that **within 30 minutes** of starting a show, users streaming content completed **parallel shopping conversions**, and the conversion windows shorten through the evening show hours.²

Strategic opportunity reach players across the customer decision journey.

Source: ¹Microsoft Internal 1P data, Sep. – Dec. 2023.

²Activision Blizzard Media Simultaneous Media Study via Taluna Insights, Dec 2021 (Base: US Adults 18+) n=2000.

Why now?

Video spending is only accelerating.

U.S. digital video ad spend is projected to hit **\$153B in 2026** up 16% from 2025¹.

Video

Gaming

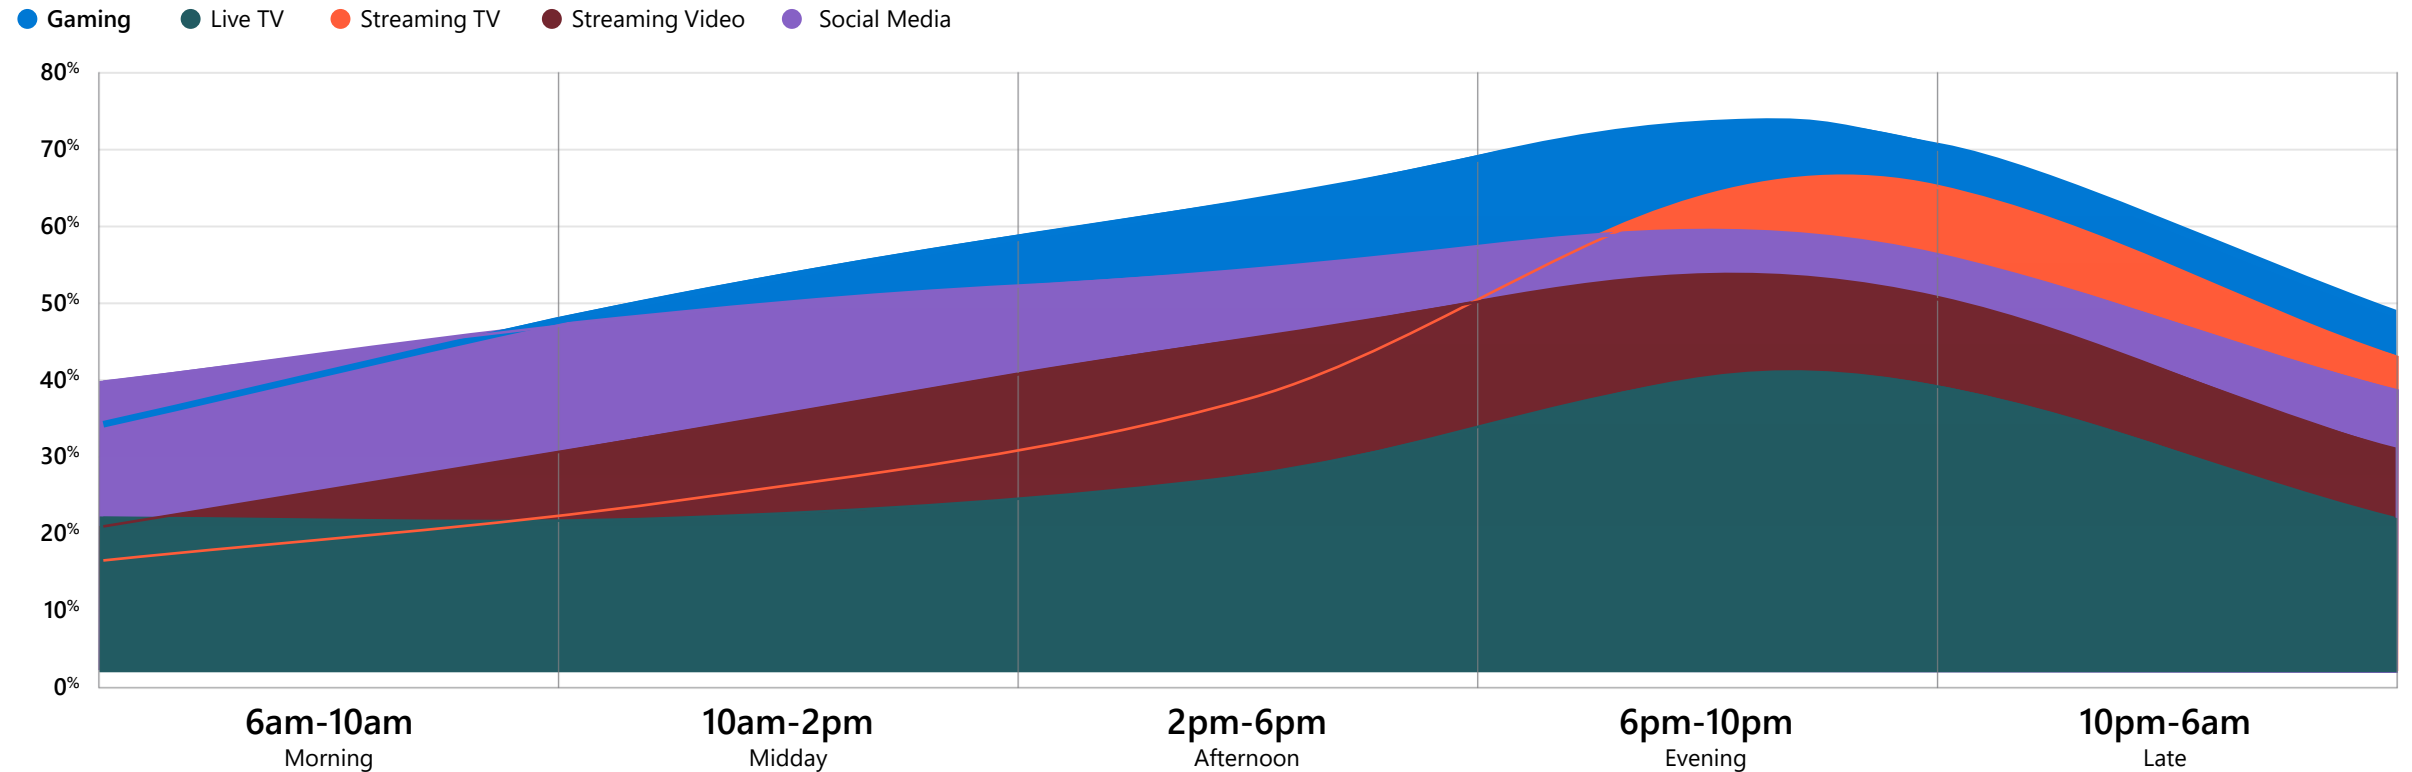

Gaming is a massive, maturing ad channel.

US game ad revenues are steadily increasing, growing 5.7% YoY in 2025 to **\$8.6B**. For comparison Podcast ad revenues will reach **\$2.5B in 2025**².

Microsoft Advertising's gaming media sits at the intersection of these industry-wide trends.

Gaming and Streaming are **aligned** entertainment

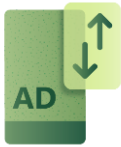

Weekly Media Consumption: **Total Audience**

The value

Premium video and gaming media at scale

Rewarded video engages players and deepens brand affinity

- US gamers prefer in-game ads that offer rewards (62%).¹
- High-view, high-completion video for mobile and desktop.
- Full screen, sound on and drives conversion.

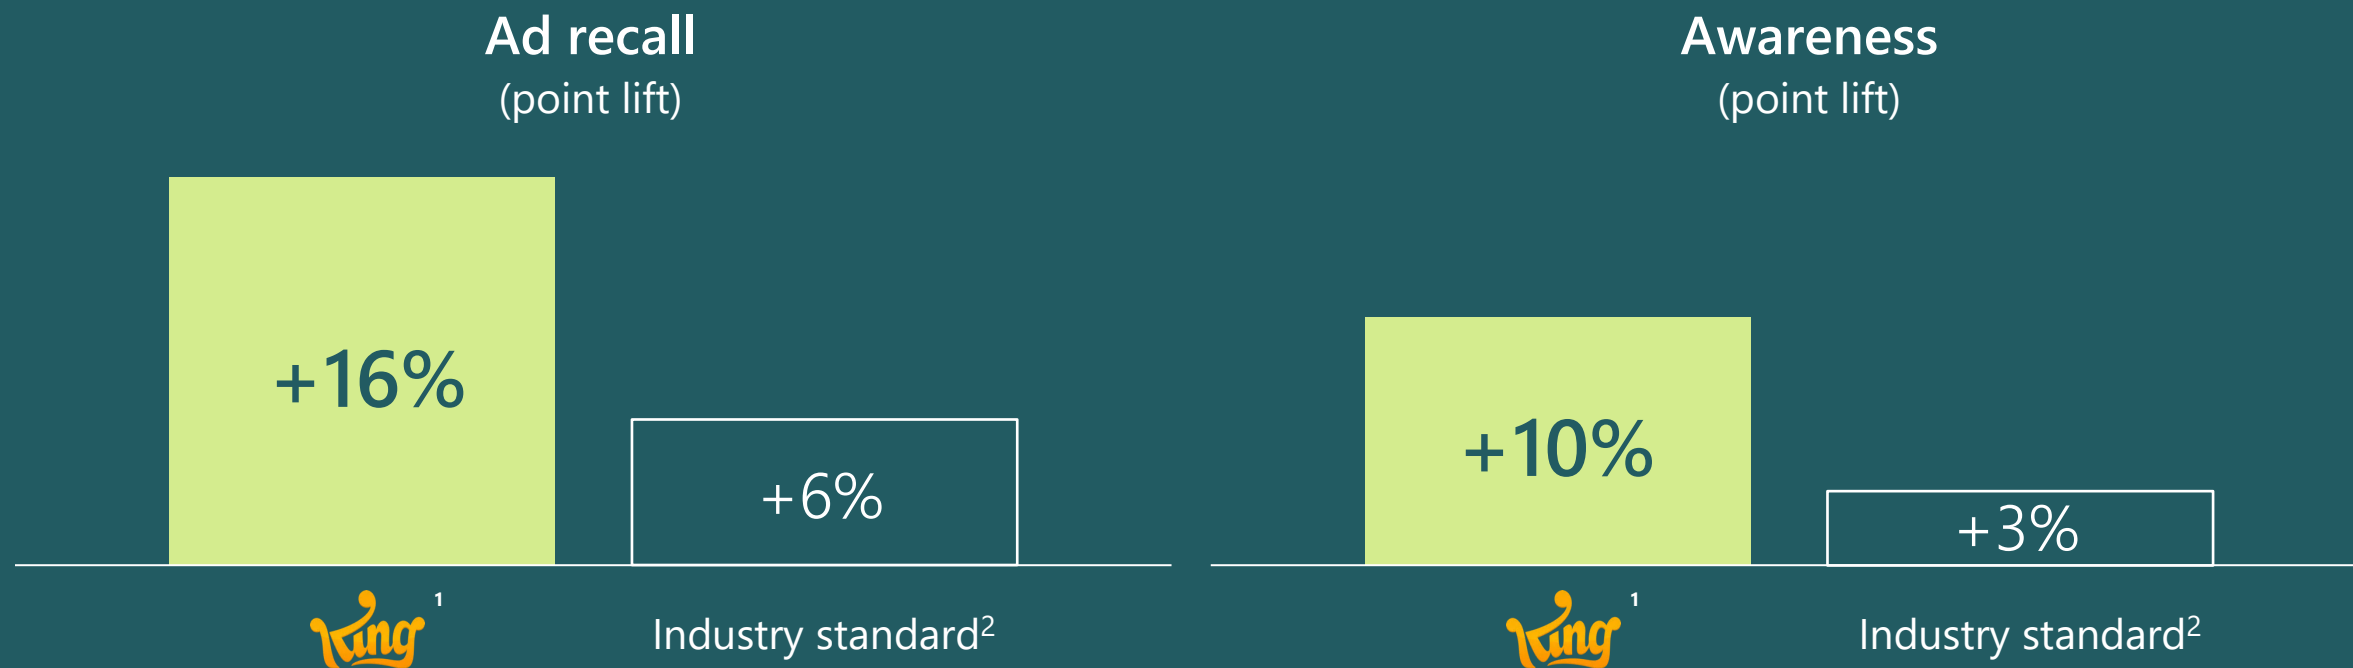

Scaled opportunities to reach an engaged gaming audience

- Hundreds of millions of engaged players.
- Premium, brand-safe video and gaming media.
- Simplified deal activation.

Source: ¹Attest, "Gaming in 2025: What Brands Need to Know," Feb 3, 2025

Memorable media

Achieve unmatched ad recall and awareness with engaging experiences that captivate players and deliver lasting impact.

Source: ¹Activision Blizzard Media, Brand Survey Lite Meta Analysis, US Benchmark Norms 2025; ²2024 Q2 Kantar MWB MarketNorms (last 3 years)

Driving lower-funnel conversion

In a lift study run by Microsoft Advertising, advertisers buying Microsoft Casual Games saw **147% brand search lift** and **52% conversion lift**.

One finance brand saw significant lift for key lower funnel outcomes:

+742%
brand searches

+441%
landing page visit

*Study was based on buying on the open exchange.
